Curated Collections

Premium Outdoor Furniture for Luxury Hospitality & Residential Projects

GCC-Ready • Marine-Grade Engineered • Hospitality-Proven

Why Maison Belloeil?

Maison Belloeil specializes in curating premium outdoor furniture solutions for the world's most demanding hospitality and residential projects. We don't sell products—we engineer asset value.

Engineering Excellence

Aerospace-grade materials engineered for extreme durability in GCC climates

Hospitality-Proven

Marriott-approved vendor with proven track record across EMEA region

Seamless Delivery

Direct-to-site logistics via Kuehne + Nagel with white-glove coordination

OUR COLLECTIONS AT A GLANCE

Each collection below represents a distinct design philosophy—yet all share our commitment to durability, elegance, and GCC climate optimization.

Collection	Design Concept	Best For
Contemporary Marine	Minimalist elegance with maritime engineering	Beach clubs, waterfront resorts
Luxury Lounge	Sculptural comfort for premium leisure	Hotel rooftops, VIP terraces
Architectural	Statement umbrellas & architectural	Mixed-use developments, public

Shading	canopies	spaces
Residential Elegance	Bespoke solutions for luxury homes	Private villas, branded residences

Next Step: For complete catalogue details, material samples, or project-specific customizations, please contact our procurement team. We provide curated selections based on your project's specific requirements.

Contemporary Marine Collection

[Project Image: Premium Waterfront Terrace]

WATERFRONT ELEGANCE

Designed for coastal and waterfront environments, this collection combines minimalist aesthetics with aerospace-grade engineering. Perfect for beachfront resorts and waterfront hospitality projects.

MATERIAL

Aluminum 6061-T6 + Sunbrella

DURABILITY

15 years in GCC climate

DESIGN BY

Dirk Wynants (Belgium)

KEY FEATURE

Salt-spray resistant

KEY SPECIFICATIONS

- Structural aluminum with ASTM B117 salt-spray protection (3000+ hours)
- Sunbrella textiles with 99.9% UPF 50+ protection
- Quick Dry Foam cushioning for coastal humidity
- Available in 5 signature color palettes
- Customization: Embroidery, fabric selection, color matching

Luxury Lounge Collection

[Project Image: High-End Hotel Rooftop Lounge]

SCULPTURAL COMFORT

Ultra-premium lounge furniture engineered for world-class hospitality. Features sculptural frames combined with premium ergonomic cushioning, designed for hotels, clubs, and VIP spaces.

MATERIAL

Aluminum 6061-T6 + Premium Fabrics

COMFORT RATING

Premium (Quick Dry Foam)

DESIGN BY

Pininfarina Architecture (Italy)

APPLICATIONS

Hotels, clubs, premium residences

TECHNICAL DETAILS

Ergonomic Design

Back angle optimization for extended seating comfort; premium cushion density (45 kg/m³)

Thermal Management

Aluminum's thermal conductivity prevents heat absorption; cool-to-touch even in 45°C+ heat

Aesthetic Durability

Color-matched stitching, premium hardware, sculptural detailing—all engineered to last

Customization

Bespoke fabric colors, embroidery, monogram engraving, leather accents available

Architectural Shading & Material Excellence

[Project Image: Statement Umbrellas / Canopies]

STATEMENT SHADING SOLUTIONS

Large-scale umbrellas and canopies that function as architectural landmarks. Designed for mixed-use developments, public spaces, and premium outdoor venues.

MATERIAL

Aluminum + Sunbrella Performance

DIAMETER RANGE

3m to 6m+ custom

DESIGN BY

NG Design / Dirk Wynants

APPLICATIONS

Public plazas, poolside, mixed-use

MATERIAL SHOWCASE: DURABILITY IN EXTREMES

[Aluminum 6061-T6]

Aerospace Aluminum

Used in aircraft fuselages. Salt-spray resistant. Maintains structural integrity at 50°C+ ambient temperatures.

[Sunbrella Fabric]

Sunbrella®

99.9% UPF 50+ protection. Zero color fade over 10+ years. Global standard for hospitality.

[Quick Dry Foam]

Quick Dry Foam

Open-cell construction. Dries in 15-30 minutes. Mold/mildew resistant. 50%+ longer lifespan.

[AkzoNobel Coating]

Premium Powder Coating

ASTM B117 3000+ hours salt-spray. GCC-optimized formula. 5-year color guarantee.

[FSC Wood]

FSC-Certified Wood

Patagonian hardwood. Equivalent durability to teak. Certified sustainable. ESG-compliant.

[Custom Hardware]

Premium Hardware

Stainless steel fasteners. Corrosion-resistant. Tested for 15+ years of coastal use.

Customization & Project-Specific Solutions

Every Maison Belloeil installation is bespoke. We customize across multiple dimensions:

DESIGN CUSTOMIZATION

- **Color Matching:** Custom fabric colors matched to your brand palette
- **Embroidery & Engraving:** Custom logos, monograms, project branding
- **Material Selection:** Fabric, wood finish, hardware options
- **Dimensions:** Tailored sizing for specific spaces (modular or custom)
- **Finish Options:** Matte, satin, or glossy powder coat finishes
