

höfats

PRODUCT CATALOGUE 2026

FIRE. FORM. FUNCTION.

*Only those who are passionate themselves can
ignite the fire in others and achieve greatness.
That's what höfats is all about – FIRE.*

*Without an appealing form, function has no stage. It's not
just about beautiful form, but the right form – a form that
arises from function, complements it, and can be explained
through it. Minimalist yet unique. The best form
is irreplaceable.*

*We strive for fascinating functionality. höfats
products are astonishingly intuitive, surprise with
their multifunctionality, and captivate through the
clever use of physical effects. These functionalities are
often unique and, to keep them that way, patented.*

höfats brings fire into your life. Indoors and outdoors.

We are a dynamic design company in the heart of the Allgäu, developing and distributing fascinating products centered around open fire. Since 2015, our distinctive DNA – fire, form, function – has been delighting fire enthusiasts around the world. The journey of passion and innovation has accompanied us and our customers for over a decade now.

Our mission is both simple and profound: We want to create the perfect ambiance for your unforgettable moments by the fire, because is there anything more beautiful than gathering with friends around a crackling fire? To make these moments special, we invent, develop, and produce products that are as unique and beautiful as they are functional.

Our collection includes tabletop fireplaces, fire bowls, grills, and candleholders – and is constantly evolving. Every höfats product combines minimalist design, ingenious functionality, and premium materials to ensure that your time by the fire becomes the best of your life.

Our pursuit of excellence has earned us over 50 international design awards, including the most prestigious accolades in the industry. From the living room to the great outdoors – höfats brings the timeless allure of fire to every moment.

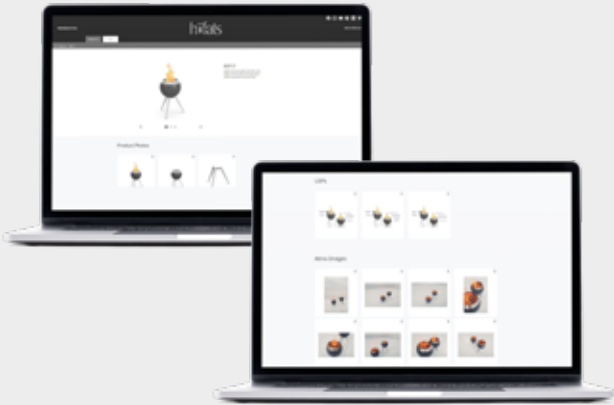

MEDIA SERVICE

A picture says more than a thousand words. We are happy to provide you with our image material for marketing our products. Our media service contains product data and images for all seasons and occasions.

CIRCLE 35 TABLETOP GRILL PRO

CIRCLE 35

MATERIALS

HOUSING stainless steel **PLANCHA** enamelled cast iron
GLASS CYLINDER borosilicate glass

CIRCLE TABLETOP GRILL – The tabletop grill combines the joy of grilling with shared enjoyment in a compact and uncomplicated way, bringing grilling over an open flame to any place you desire. Powered by bioethanol, the multifunctional tabletop grill creates a continuous cycle of placing food on the grill, turning it and enjoying it. Its distinctive circular design makes CIRCLE a 360° grilling experience and encourages a sociable atmosphere in which conversation, good spirits and culinary creativity arise naturally.

Grilling is done over a real flame on the solid cast-iron plancha. It impresses with a generous grilling surface, different temperature zones and therefore almost limitless possibilities – from juicy steaks and delicate scampi to vegetables or even sweet dessert ideas. CIRCLE operates without electricity or charcoal, using clean, odourless, soot-free and smokeless bioethanol instead. This makes it suitable for use anywhere – indoors and outdoors alike. The tabletop grill is safely filled via the integrated safety cap and burns continuously for more than two and a half hours. Six flames ensure even heat distribution across the entire grilling surface, the flame height can be adjusted continuously using the control knob, and the included flame extinguisher guarantees safe extinguishing.

CIRCLE TABLETOP GRILL PRO – The pan set adds a second cooking level to CIRCLE, making it even more versatile. The six pans slide underneath the cast-iron plancha and make optimal use of the existing heat. Depending on the selected flame height, three functional temperature zones are created. At a low flame level, the pans are ideal for keeping grilled food warm. At a medium setting, smaller dishes can be gently cooked or lightly roasted. At the highest flame level, the Tabletop Grill Pro provides enough heat for gratinating dishes or finishing them with perfectly melted cheese.

The pro version transforms CIRCLE into a complete two-level table-grilling experience, simultaneous, varied, and interactive.

- Multifunctional tabletop grill powered by bioethanol
- Location-independent and flexible in use
- Safe for indoor use, tested in accordance with DIN EN 16647
- Burn time of 2.5 – 4 hours with approx. 700 ml of höfats bioethanol liquid fuel
- Quick assembly and disassembly, easy to transport
- Continuous plancha grilling surface made of enamelled cast iron, diameter 35 cm
- Optimal heat retention and non-stick surface for low-fat grilling
- Different temperature zones for versatile preparation
- Precise temperature control thanks to continuously adjustable flame height
- Odourless, soot-free and smokeless thanks to biological höfats bioethanol liquid fuel
- Safe filling of the tank via an integrated safety cap
- Stable footing and a firmly fixed grill plate for safe use
- Easy extinguishing with the included flame extinguisher
- Scope of delivery: CIRCLE 35 Tabletop Grill, CIRCLE 35 Plancha, flame extinguisher

CIRCLE 35 Tabletop Grill
 Product dimensions: 35 × 35 × 20 cm, Weight: 6.1 kg
 Packed dimensions: 40 × 40 × 22 cm
 Item No. 01064, EAN 4064251010641

- All features of CIRCLE 35 Tabletop Grill
- Six pans create a second cooking level beneath the plancha
- Three functional temperature zones depending on flame height (warming, cooking, gratinating)
- Scope of delivery: CIRCLE 35 Tabletop Grill, CIRCLE 35 Plancha, flame extinguisher, CIRCLE 35 Pan Set

CIRCLE 35 Tabletop Grill Pro
 Product dimensions: 51 × 51 × 20 cm, Weight: 7.5 kg
 Item No. 01073, EAN 4064251010733

ACCESSORIES CIRCLE

CIRCLE PAN SET – The accessory adds an additional cooking level to the CIRCLE tabletop grill. The precisely fitting support ring is placed beneath the cast-iron plancha and holds six pans that make optimal use of the grill's natural heat.

Depending on the flame intensity, the pans are ideal for gently keeping grilled food warm, evenly cooking delicate dishes, or gratinating and melting cheese.

- Practical extension for the CIRCLE 35 Tabletop grill
- Six pans for warming, cooking and gratinating grilled food
- Efficient utilisation of the plancha's heat
- Seamless integration under the plancha, easy to mount and remove
- Non-stick surface, easy to clean
- Scope of delivery: support ring, 6 pans, 6 wooden scrapers

CIRCLE 35 Pan Set (6-piece)
 Product dimensions: 51 × 51 × 4.5 cm, Gewicht: 1.4 kg
 Item No. 01092, EAN 4064251010924

LIQUID FUEL S. 74

SPIN

The wild vortex of flames in the decorative glass cylinder

creates a unique flame display that turns any occasion into an unforgettable experience. It impresses with unparalleled aesthetics, thoughtful functionality, and uncompromising safety – honored with numerous prestigious design awards.

Fueled by natural höfats bioethanol, the striking flame rises dynamically with the placement of the heat-resistant borosilicate glass cylinder, radiating a comforting warmth in all directions. Always securely enclosed within the glass cylinder, the flame burns odorless, soot-free, and smokeless, and is certified to the highest standards (DIN EN 16647) for both indoor and outdoor enjoyment. When the spectacle needs to end, the included extinguishing lid ensures the flame is safely and easily put out.

Available in four models with various materials, colors, and sizes – each one impresses with its unique looks, while the iconic flame always remains the same. SPIN infuses modern living spaces with the enchanting magic of fire – stylish, versatile, and captivating.

Certified for indoor use

SPIN air 900 I 1200 BUILT-IN – The award-winning tabletop fire becomes a unique design statement in its built-in version – offering maximum freedom for integration and presentation. Without the base, SPIN can be seamlessly incorporated into custom objects or surfaces. Whether flush-mounted into a table, built into a natural stone wall, integrated into a side-board or kitchen island, set into a bathtub ledge, or used as part of a bar counter, barista corner, wellness area, yoga studio, or a custom-built pedestal – SPIN air blends effortlessly with furniture, materials, and interior spaces. All it takes is a precisely cut opening to safely insert the wing body with the Bio-Burner and enjoy the mesmerising flame. The result: a truly one-of-a-kind design highlight that combines individuality and functionality – delivering a captivating flame vortex that creates a cosy, soot- and smoke-free atmosphere.

- ☆ **Custom Integration of the SPIN air flame vortex into chosen surfaces or furniture pieces**
- **Ideal for use on tables, stone surfaces, or custom-built enclosures with a cut-out diameter of 7.5 cm (SPIN air 900 Built-in) or 10 cm (SPIN air 1200 Built-in)**
- **Utilizes the patented Bio-Burner with innovative burner technology**
- **Burn time per fill:**
80–120 min with 250 ml (SPIN air 900),
100–150 min with 500 ml (SPIN air 1200)
- **Heat output: 1100 W (SPIN air 900), 2000 W (SPIN air 1200)**
- **Safe for indoor use – certified for indoor operation by an independent lab according to DIN EN 16647**
- **Odourless, soot- and smoke-free thanks to biological höfats liquid bioethanol fuel**
- **Fuelled via the safety valve of the Bio-Burner using liquid fuel**
- **Fuel: höfats liquid bioethanol**
- **Available with either clear or tinted glass**
- **Scope of delivery: wing body, bio-burner with eco-ring and extinguishing lid, glass cylinder**

SPIN X 900 I 1200 TABLETOP FIREPLACE – The mesmerising flame vortex for evenings that should never end. With an impressive burn time of five to seven hours, SPIN X creates lasting atmosphere – with no refilling required. This elegant tabletop fire combines a purist design language with innovative functionality: clean lines, a flawless finish, and technology that disappears completely into the body – all drawing the eye to what truly matters: the iconic SPIN flame. The enlarged bioethanol tank remains hidden, its impact unmistakable. Once the glass cylinder is in place, the magic begins: the flame rises in a spiralling motion – like a sculpture of light and warmth. Powered by liquid höfats bioethanol and advanced burner technology, the flame burns odourless and smoke-free, creating space for what matters most: real moments – indoors and out.

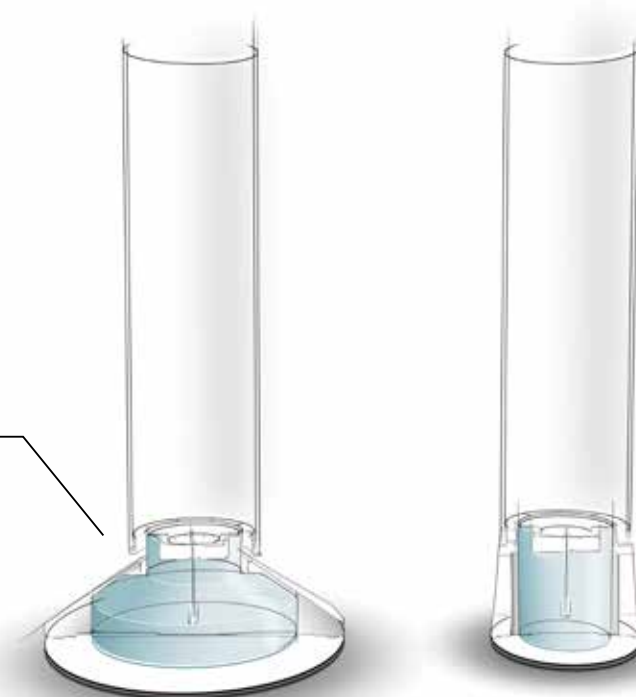

- ☆ **Award-winning tabletop fire with 5 to 7 hours of burn time**
- **Uses the patented Bio-Burner with innovative burner technology**
- **Burn time per fill:**
5–7 hours with 750 ml (SPIN X 900),
5–7 hours with 1500 ml (SPIN X 1200)
- **Heat output: 1100 W (SPIN X 900), 2000 W (SPIN X 1200)**
- **Safe for indoor use, certified by an independent lab according to DIN EN 16647**
- **Odourless, soot- and smoke-free thanks to biological höfats Bioethanol Liquid Fuel**
- **Fuelled via the safety valve of the Bio-Burner**
- **Fuel: höfats Bioethanol Liquid Fuel**
- **SPIN X 900 I 1200 available with either clear or tinted glass**
- **Scope of delivery: base, wing body with cover, bio-burner with eco-ring and extinguishing lid, glass cylinder**

SPIN classic HANGING SYSTEM – With the hanging system, SPIN classic becomes a hanging fire that can be suspended from the stable yet elegant stainless steel wire, attached to a hook and flexibly adjusted in height. SPIN classic seems to float effortlessly in space and becomes an impressive eye-catcher, whether indoors or outdoors.

SPIN classic STAND ELEVATION – Thanks to the stand elevation, SPIN classic works even better on the ground. Mounted easily and without tools between base and wing body, the SPIN flame lifts by 9 cm (SPIN classic 90 | 900), 11 cm (SPIN classic 120 | 1200) or 14 cm (SPIN classic 1500).

SPIN classic BASE – If SPIN classic torch or SPIN classic hanging fire is to stand freely, the solid SPIN classic base can be mounted and SPIN classic can thus be placed on any table. Likewise, the ground spike can be placed on solid ground outdoors when mounting the SPIN classic 1200 Base.

- Enables use of SPIN classic 90 | 120 and SPIN classic 900 | 1200 | 1500 as a hanging fire
- Indoor and outdoor use
- Suspension by stainless steel wire, height adjustable
- Easy screw mounting without tools
- Stainless steel, brushed

SPIN MODELS

GROUND SPIKE – With the ground spike as an accessory, SPIN can be transformed into a garden torch in no time at all. Simply stuck into the lawn, flower bed or flower pot or screwn onto the base, it will enchant guests at the next garden party and become the eye-catcher of the evening. Thanks to the three different length components of the ground spike (17 cm + 34 cm + 48 cm), SPIN can be raised to the desired height and securely anchored in the ground via the additional ground spike.

BIO-BURNER – The central element of the popular flame play enchants all fire lovers with a spectacular flame experience. Enjoy a striking and brightly glowing flame that rises like a sculpture at any time of day or night, indoors or out. The technologically advanced Bio-Burner impresses with its sophisticated functionality, uncompromising safety, and significantly longer burn time compared to the gel fuel container – using the same amount of liquid bioethanol fuel. Odourless, soot-free and smoke-free, you can enjoy the warmth of the fire and, with the additional Eco-Ring, the burning time can be extended by another 50 %.

SPIN COVER – The perfect cover for safe storage of SPIN classic, SPIN air and SPIN X. The drawstring ensures a secure fit, while the water-repellent material protects against dirt and moisture.

- Enables use as a garden torch
- Variable height thanks to three-part ground spike
- Easy screw mounting without tools
- Is inserted into the ground via the ground spike
- Can also be mounted on the SPIN classic 1200 Base as a foot on solid ground
- Only for outdoor use
- Stainless steel

Ground Spike silver
Ø 1.5 cm, 124 cm height, 0.39 kg | gross 49 × 5.5 × 2 cm, 0.5 kg
Item no. 00002, EAN 4064251000024

- Patented Bio-Burner with innovative burner technology
- Can replace the gel fuel cup of SPIN classic 90 | 120 and thus upgrade SPIN classic 90 | 120 to SPIN classic 900 | 1200
- Capacity: 250 ml (Bio-Burner 900), 500 ml (Bio-Burner 1200), 1000 ml (Bio-Burner 1500)
- Burn time with one filling: 80–120 min (SPIN classic 900 and SPIN air 900), 100–150 min (SPIN classic 1200 and SPIN air 1200)
- Burn time can be increased by 50 % with Eco-Ring
- Bio-Burner is filled with liquid bioethanol via protection valve
- Only for use with höfats bioethanol liquid fuel
- Scope of delivery Bio-Burner 900 | 1200: Bio-Burner, Eco-Ring, extinguishing lid

Continuous plancha ring

MOON 55 – The new fire basket brings the iconic MOON design to an impressive scale. With its larger diameter, the elegant black sphere creates a clear, powerful presence and sets an atmosphere that captivates. The smokeless sea of flames is made possible by the double-walled construction of inner and outer shells. This creates a separated airflow that optimally heats the fuel (either wood or pellets) at the core of the fire basket while enabling a second, spectacularly clean combustion directly beneath the opening.

The integrated airstream supports a consistent supply of air, ensuring that the fire burns with exceptional stability and reliability. The result is an extraordinary, smokeless display of flames with maximum heat output.

Its screwed-on low cast foot provides a stable foundation and can be extended into a high stand using the new attachable feet. Both configurations showcase MOON 55 to great effect – whether in the garden or on the terrace.

- Fire basket with wood gasifier technology
- Fascinating flame pattern and low-smoke fire thanks to a two-stage combustion process
- Can be operated with logs or pellets
- Combustion with little residue when using wood
- Stable stand on screwed-on low cast foot or on attached high stainless steel stand
- Fixing of the high stand using the corresponding clamping screws
- Quick assembly and disassembly without tools
- Easy to clean thanks to the removable ash tray
- Inner bowl: stainless steel, silver; outer bowl: enamelled steel
- Ash tray: enamelled steel and stainless steel, silver
- Extension nozzle: brushed stainless steel. The surface develops a unique colour gradient with use
- Airstream: powder-coated die-cast
- Low stand: enamelled cast iron
- High stand: brushed stainless steel
- Scope of delivery: MOON 55 outer and inner bowl, fire grid, ash tray, extension nozzle, airstream, low or high stand
- Optional grilling accessory: MOON 55 Plancha

Low-smoke fire

Can be fired with both wood logs and pellets

Increased heat output

High and low stand

FUELS S. 75

MOON 45 – The unrivalled MOON with revolutionary burner technology based on the principle of wood gasification, makes flames and hearts beat faster. The design of the elegant black sphere appears weightless and adds a fascinating lightness to any occasion.

Its double wall, consisting of an inner and outer bowl, allows for a split air supply. This ground-breaking design not only heats the fuel (either wood or pellets) in the heart of the fire basket, but also allows for a second, fascinating combustion below the opening. The air is heated in the double wall, rises to the top and burns the smallest particles of wood that can no longer escape as smoke.

This effect not only creates an enchanting and unique interplay of flames, but also increases the heat output and drastically reduces the amount of smoke emitted, making it the most environmental-ly friendly fire basket available.

The MOON is available with a choice of stands to suit any garden party. A masterpiece in the world of fire.

- Ground-level fire basket with wood gasification technology
- Fascinating flame effect and low-smoke fire thanks to two-stage combustion process
- Can be heated with logs or pellets
- Combustion with little residue when using wood
- Safe stand on low cast iron stand or high stainless steel stand
- Easy alignment on uneven surfaces
- Quick assembly & disassembly without tools
- Easy to clean due to removable ash tray
- Easy to transport
- Inner bowl: silver stainless steel, outer bowl: enamelled steel
- Ash tray: Enamelled steel and silver stainless steel
- Extension nozzle: Brushed stainless steel. Surface acquires a unique colour gradient with use.
- Low stand: enamelled cast iron
- High stand: Brushed stainless steel
- Scope of delivery: MOON 45 outer and inner bowl, fire grid, ash tray, extension nozzle, low or high stand

ACCESSORIES MOON

MOON 45 LOW STAND – Always connected to the ground, MOON sits securely on the low cast stand and creates a cosy lounge atmosphere. The short legs of the cast stand fit elegantly into the overall appearance of MOON and ensure that no one wants to go home any time soon.

- ☆ • Easy conversion to ground level fire bowl
- Stands securely on a solid cast iron base and can be easily adjusted on uneven surfaces
- Quick assembly & disassembly without tools
- Solid cast iron with matte black enamel finish

📦 **MOON 45 Low Stand**
Product dimensions: 28×32×14 cm, Weight: 1.7 kg
Packed dimensions: 42×42×21 cm, Weight: 3 kg
Item No. 00718, EAN 4064251007184

MOON 45 HIGH STAND – For the perfect atmosphere at your next garden party. The three brushed or PVD-coated stainless steel legs create a sleek look. And when not in use, the stand can be unscrewed and stored to save space.

- ☆ • Easy conversion to raised fire bowl
- Stands securely on a solid cast iron base and can be easily adjusted on uneven surfaces
- Easy to screw feet to supporting ring
- Support ring: black enamelled cast iron
- Legs: brushed or PVD-coated stainless steel

📦 **MOON 45 High Stand**
Product dimensions: 48×55×40 cm, Weight: 2.3 kg
Packing dimensions: 58×29×12 cm, Weight: 3.7 kg
Item no. 00719, EAN 4064251007191

MOON 55 HIGH STAND – By simply attaching the stainless steel legs to the low cast-iron base, the low MOON 55 can be transformed into the high version in no time. The three legs made of brushed stainless steel lend MOON a distinctive elegance and can be stored in a space-saving manner when not in use.

- ☆ • Quick conversion to an elevated fire bowl
- Simple attachment to the low cast-iron base and fixing with the corresponding clamping screws
- Secure stand
- Brushed stainless steel

📦 **MOON 55 High Stand**
Product dimensions: 45×0.6×0.5 cm, Weight: 1.6 kg
Packing dimensions: 46×19×6.5 cm, Weight: 2.5 kg
Item no. 01018, EAN 4064251010184

MOON PLANCHA – Fuelled by wood or pellets, the MOON fire basket produces precise heat for creative grilling and cooking. The plancha ring offers plenty of space for all kinds of delicacies, which can be prepared with little fat thanks to the optimum heat retention and non-stick coating of the cast iron plate, expanding your culinary options above the flames.

- ☆ • Continuous plancha ring:
MOON 45 Plancha: 53 cm diameter and 20 cm centre opening
MOON 55 Plancha: 64 cm diameter and 25 cm centre opening
- Can be used as a grill insert for wood or pellet fires
- Stable thanks to integrated three-point support
- Optimum heat retention and non-stick coating
- Lowered with outer edge to prevent fat or food from falling off
- Enamelled cast iron

📦 **MOON 45 Plancha**
Product dimensions: 53×53×9 cm, Weight: 12 kg
Packing dimensions: 58×58×13 cm, Weight: 15 kg
Item No. 00861, EAN 4064251008617

MOON 55 Plancha
Product dimensions: 64×64×11 cm, Weight: 19 kg
Packing dimensions: 67×67×14 cm, Weight: 30.5 kg
Item No. 01096, EAN 4064251010962

MOON SPARK GUARD – Specially designed to prevent flying sparks, this highly effective guard creates a safe environment for undisturbed fire enjoyment. Simply slipped over the MOON's opening, the spark guard provides safety and a clear view of the fascinating dance of flames.

- ☆ • Cover mesh during fire to reduce flying sparks
- Easy to fit and remove
- Fits under the lid and cover
- Stainless steel ring with stainless steel mesh

MOON 55 Spark Guard
Product dimensions: 39×39×8.5 cm, Weight: 1.3 kg
Packing dimensions: 42×42×12 cm, Weight: 2.5 kg
Item No. 01098, EAN 4064251010986

MOON LID – Worries about flying sparks and clouds of ash are a thing of the past with the MOON Lid, as the glowing ash is safely contained inside the fire basket once the fire has burned down. The special opening in the lid allows wood or pellet residues to burn off in a controlled and complete manner, while wind and weather simply run off the surface. For a safe and clean fire experience – even after the last spark.

- ☆ • Cover after use to prevent flying ash and sparks
- Integrated exhaust opening to ensure that residual fuel can burn off safely
- Weatherproof, sturdy and non-slip domed lid prevents water from collecting
- Complete coverage of the MOON prevents water ingress
- The drip edge prevents liquids from running down the fire basket
- Brushed stainless steel for excellent corrosion resistance
- Fits under the cover

📦 **MOON 45 Lid**
Product dimensions: 33×33×9 cm, Weight: 0.8 kg
Packing dimensions: 38.5×38.5×12 cm, Weight: 1.4 kg

ACCESSORIES MOON

MOON 45 AIRSTREAM – To ensure that the smokeless fire continues to burn reliably even in strengthening winds, MOON Airstream is available. Simply mounted to the underside of MOON using three screws, it provides a consistently even air supply and an even more stable flame. Especially when using pellets, MOON Airstream prevents wind from affecting or even extinguishing the fire. Heat-resistant and discreet in design, it directs the air precisely to where the fire needs it – for a constant, beautifully shaped flame in any weather.

- ☆ • Optimises the MOON flame in strengthening winds
- Efficient airflow design ensures a consistent air supply
- When using pellets: prevents wind from extinguishing the fire
- Mounted to MOON using three screws
- Heat-resistant die-cast for long-lasting use

📦 **MOON 45 Airstream**
Product dimensions: Ø 12.5 cm, Höhe 4 cm, Weight: 0.2 kg,
Packed dimensions: 16.5 × 16.5 × 6 cm, Weight: 0.35 kg
Item no. 01113, EAN 4064251011136

MOON 45 PERFECT PELLET – The perfect upgrade for a long-lasting, smokeless fire. The set consists of the MOON Airstream and the MOON Ash Tray with Extension, ensuring a fire that is especially stable when using pellets and lasts at least twice as long. MOON Airstream prevents wind from affecting or even extinguishing the fire, while the interchangeable cartridge can be effortlessly removed from the MOON fire basket using the included lifter and swapped with the second ash tray, allowing the fire to continue seamlessly.

- ☆ • Set consisting of MOON Airstream and MOON Ash Tray with Extension
- All features of MOON Airstream and MOON Ash Tray with Extension
- Available for MOON 45 only, as MOON Airstream is already integrated into the MOON 55 product
- Scope of delivery: MOON Airstream, Ash Tray with Extension, Lifter

📦 **MOON 45 Perfect Pellet**
Item no. 01202, EAN 4064251012027

MOON 45 ASH TRAY EXTENSION – The practical extension prolongs the smokeless fire enjoyment indefinitely. Simply screw the ring onto the ash tray, and it safely captures all glowing pellets. With the included lifter, the ash tray can be effortlessly removed from the MOON fire basket, emptied, and refilled with pellets – ensuring clean, easy handling and a consistently relaxing fire experience.

- ☆ • Extends the smokeless fire with pellets in the MOON Fire Basket
- Enables easy removal, emptying and refilling of the MOON ash tray
- Sturdy stainless steel ring for attachment to the ash tray with screws
- Scope of delivery: MOON Extension Ring, MOON Lifter

📦 **MOON 45 Ash Tray Extension**
Product dimensions: Ring Ø 37.5 cm, Height 8.5 cm, Weight: 0.7 kg
Lifter dimensions: 31.5 × 10 × 2 cm, weight: 0.1 kg
Packed dimensions: 42.5 x 42.5 x 10 cm, Weight: 1.2 kg
Item no. 00832, EAN 4064251008327

MOON 55 Ash Tray Extension
Product dimensions: Ring Ø 46 cm, Height 11 cm, Weight: 1.4 kg,
Lifter dimensions: 31.5 × 10 × 2 cm, 0.1 kg
Packed dimensions: 49 × 49 × 14 cm, Weight: 2.5 kg
Item no. 01024, EAN 4064251010245

MOON PERFECT PELLET PRO – The practical set with an additional MOON Extension Ring for the ash tray takes the pellet fire to a new level and extends the fire experience virtually indefinitely. The MOON Extension Ring is screwed onto the existing ash tray, creating two interchangeable cartridges that can be swapped with one another. This ensures a continuously smokeless sea of flames that burns stably even in strengthening winds.

- ☆ • Set consisting of MOON Airstream, MOON Ash Tray with Extension and MOON Ash Tray Extension Ring
- All features of MOON Airstream, MOON Ash Tray with Extension and MOON Ash Tray Extension Ring
- MOON Airstream included only with MOON 45 Perfect Pellet Pro, as it is already integrated into MOON 55
- Scope of delivery: MOON 45 Airstream (MOON 45 only), MOON 45 | 55 Ash Tray with Extension, MOON 45 | 55 Ash Tray Extension Ring, Lifter

Item no. 01203, EAN 4064251012034

MOON 55 Perfect Pellet Pro
Item no. 01200, EAN 4064251012003

MOON 45 ASH TRAY WITH EXTENSION – The complete set of ash tray, extension ring, and lifter ensures uninterrupted, smokeless fire enjoyment. The ash tray can be easily removed from the MOON fire basket using the included lifter, emptied, and refilled, or replaced with another ash tray with extension if needed. For clean handling and a relaxing, uninterrupted fire experience.

- ☆ • Complete set of ash tray, extension ring, and lifter
- Extends the smokeless fire with pellets in the MOON fire basket
- For easy swapping of the MOON ash tray in the MOON Fire Basket
- Enables easy removal, emptying, refilling or exchange of the MOON ash tray
- Sturdy stainless steel ring for attachment to the ash tray with screws
- Included in delivery: MOON Extension Ring, MOON Ash Tray, MOON Lifter

📦 **MOON 45 Ash Tray with Extension**

BOWL 57 | 70 PLANCHA – Cooking on a hot surface heated by fire - a millennia-old tradition, worldwide, in the most diverse cultures. In Spain it became the plancha, the Japanese call it teppanyaki. The variety of dishes that can be cooked or grilled on a hot plate is countless. Thanks to the small outer rim, fats and oils also stay exactly where they belong - on the plancha.

☆	• Half-ring enamelled cast iron, optimum heat retention • Non-stick coating for low-fat frying & cooking • With small outer rim so that fat or grilled food cannot fall off • Secure support via three contact points • Fire ring is created from two planchas • Can be combined with BOWL 57 70 Grid or another BOWL 57 70 Plancha

BOWL 57 | 70 SEAR GRATE – BOWL 57 | 70 Sear Grate is more than a cast iron grate. Together with the support ring and the handle, it offers a range of options for grilling and cooking over open flames that leaves even barbecue professionals in raptures. The cast iron grate extends the grilling surface and is ideal for searing when placed directly in the middle of the plancha ring. Positioned on the support ring, the flame proximity and thus the temperature can be regulated over various levels. The cast iron grate can be inserted and removed in no time with the included handle, which also creates space for a wok pan. Placed into the support ring over four different levels, the pan is positioned directly above the flames and adds a special touch to any dish.

☆	• Solid cast iron grate, optimal heat retention • Can be positioned on the height-adjustable rack or placed directly on the opening of the plancha ring • Also ideal for using a wok or iron pan on the rack ring: safe standing thanks to the built-in three-point support • Solid lifting tool made of cast iron for inserting / removing the cast iron grate • Space-saving storage when dismantled • Cast iron grate: solid cast iron with high-quality enamel coating • Rack with ring: support ring made of solid cast iron, the rods made of high-quality stainless steel • Suitable for the BOWL and BOWL 57 70 Plancha ring (consisting of 2 plancha halves) • Optional extension with BOWL 57 70 Warming Ring

BOWL 57 | 70 WARMING RING – With the BOWL 57 | 70 Warming Ring, the barbecue collection gains a boost that catapults your grilling and cooking options exponentially upwards. Simply placed on the support ring of the Sear Grate, the Warming Ring offers 60% more space over the flames to keep ready-to-eat delicacies at an optimal temperature or to gently prepare delicate grilled food such as bread or vegetables. Surrounding the cast iron grate, as a tray around an iron pan or solo as a second grilling level above the plancha ring - the Warming Ring offers countless facets that are waiting to be discovered.

☆	• Warming Ring enamelled cast iron, optimum heat retention • Non-stick coating for low-fat grilling & cooking • Lowered with small outer rim so that grease or grilled food cannot fall off • Can be placed on the rack of the BOWL 57 70 Sear Grate without assembly

BOWL 57 | 70 BOARD – Not only as a fire bowl, but also as a storage surface, BOWL cuts a fine figure. The support board fits securely, stably and without wobbling on the fire bowl. Whether mounted at standing height or close to the floor, thanks to the support board everything remains within reach.

☆	• Non-slip and wobble-proof support thanks to precisely fitting indentation • Turns BOWL into a side table when not in use • Bamboo solid wood with UV-resistant coating

Outdoor grilling and cooking fun

Suitable for all BOWLs

Storage for tools, spices, toppings, etc.

Wheels for mobility

Perfect working height

Worktop made from beech wood

Stainless steel ingredient container

Height-adjustable feet

One product, many possibilities

FIRE KITCHEN – The mobile outdoor kitchen is the solution for anyone who has a passion for outdoor cooking and barbecuing. The robust and durable kitchen consists of a welded steel frame with integrated BOWL, BOWL 57 or BOWL 70 (all accessories) and offers storage and work surfaces on three different levels. Specially designed for outdoor use, it makes no compromises with its high-quality, weather-resistant materials and can be assembled modularly with the various inserts to create a completely individual culinary journey.

- Sturdy welded frame with 4 adjustable feet for easy positioning of the FIRE KITCHEN
- Grilling and cooking on three levels with wooden worktop and shelves
- Middle shelf converts FIRE KITCHEN into a counter
- Frame: Stainless steel, solid
- Wooden worktop: solid beech wood
- Centre shelf: brushed stainless steel
- Bottom shelf: steel, powder-coated
- Scope of delivery: FIRE KITCHEN, 2 shelves, 1 wooden worktop
- Optional accessories: BOWL 57 | 70 Plancha BBQ Set, FIRE KITCHEN Stainless Steel Container Set, FIRE KITCHEN Wheel Set

Item No. 00827, EAN 4064251008273

FIRE KITCHEN STAINLESS STEEL CONTAINER SET – The five-piece set provides ample space for all the ingredients you need to prepare your menu over the fire. You can place them on either the middle or top level and even cover them with the worktop.

FIRE KITCHEN TOOL BOX – Even more storage space for spices, BBQ tools, toppings or other ingredients for the best dishes over the flames. Simply hook the Tool Box into the FIRE KITCHEN frame and place it where you need it most. At the end of the evening, you can take it back to the kitchen or leave it hanging on the FIRE KITCHEN, where the practical slits allow rainwater to drain away.

CUBE

CUBE BLACK – Enjoy the warmth of the fire without any worries. Thanks to its sophisticated design, CUBE encloses the fire remains, reduces flying sparks and safely stores the ashes. The outer fire basket is simply turned over while the inside ash tray always remains in balance due to gravity. No ashes are dropped and the fire is choked.

Without worrying about the fire going out, the time by the fire can be enjoyed even more. Choose to grill on the grid or plancha, both easily adjusted in height and heat exposure. If no fire is burning inside CUBE, it can be used as a stool, a bench or a side table – a multi-purpose piece of outdoor furniture which surprises, enthuses and gives lasting joy due to its high quality materiality.

- ☆ • Fire basket with optional extension to grill and stool
- Rotatable ash tray: fire basket can be turned over during burning, the fire goes out
- Stainless steel, powder-coated
- Optional accessories: CUBE Grid, CUBE Plancha, CUBE Board, CUBE Cover

Item no. 00914, EAN 4064251009140

CUBE BOARD – With the solid bamboo board, CUBE can be transformed into a pleasant seat, side table or flower stool with a flick of the wrist. The extraordinarily high surface hardness makes bamboo one of the most durable woods. Our additional lacquering makes it even more durable. Use only after CUBE has cooled down completely.

- ☆ • Transforms the fire basket into a stool or side table
- Can also be used as a serving tray
- Bamboo solid wood, 30 mm thick, UV-resistant lacquered

📦 **CUBE Board**
42 × 42 × 3 cm, 3.5 kg | gross 44 × 43 × 4 cm, 3.8 kg

Item no. 00915, EAN 4064251009157

CUBE PLANCHA – Whether fish, meat or vegetables: with the solid, enamelled cast iron plate, CUBE turns into a plancha grill. The plancha offers a smooth and a ribbed surface and can be adjusted in height thereby adjusting the heat thanks to the fire basket's cut-outs. There is room for two planchas at the same time, at different heights if required.

- ☆ • Plancha with non-stick coating and good heat storage for low-fat cooking
- Different surfaces per side: smooth / ribbed
- Can be positioned at four different heights
- Two planchas possible in one CUBE
- Cast iron grid, enamelled

📦 **CUBE Plancha**
50 × 28 × 3 cm, 3.2 kg | gross 52 × 30 × 4 cm, 3.5 kg

TRIPLE

TRIPLE 120 | 90 | 65

MATERIAL

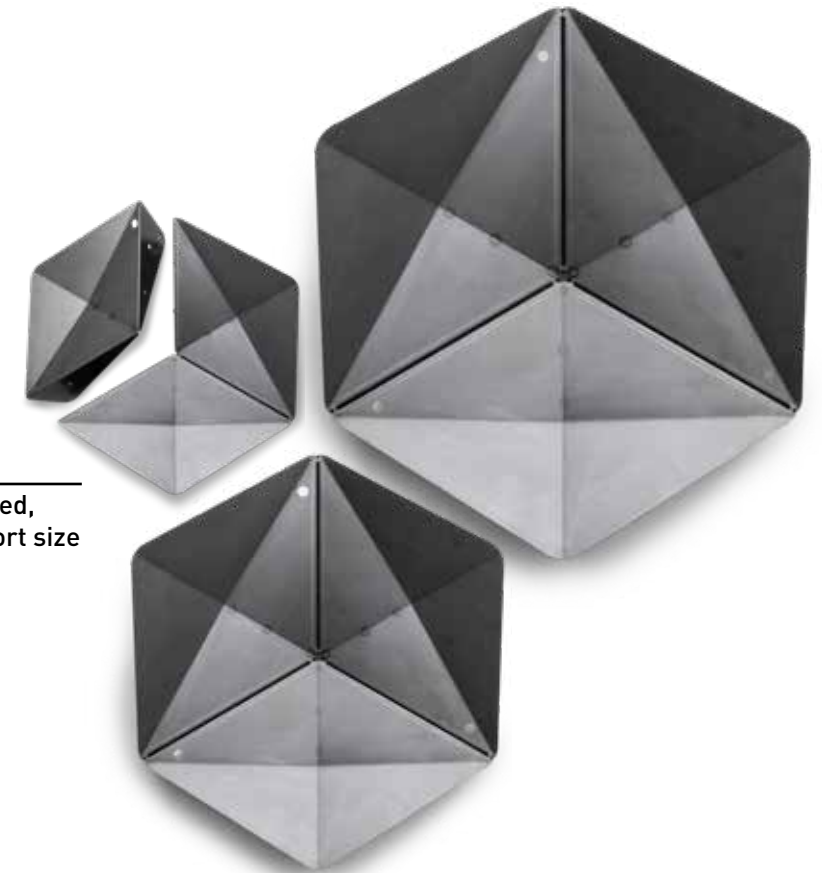

Corten steel

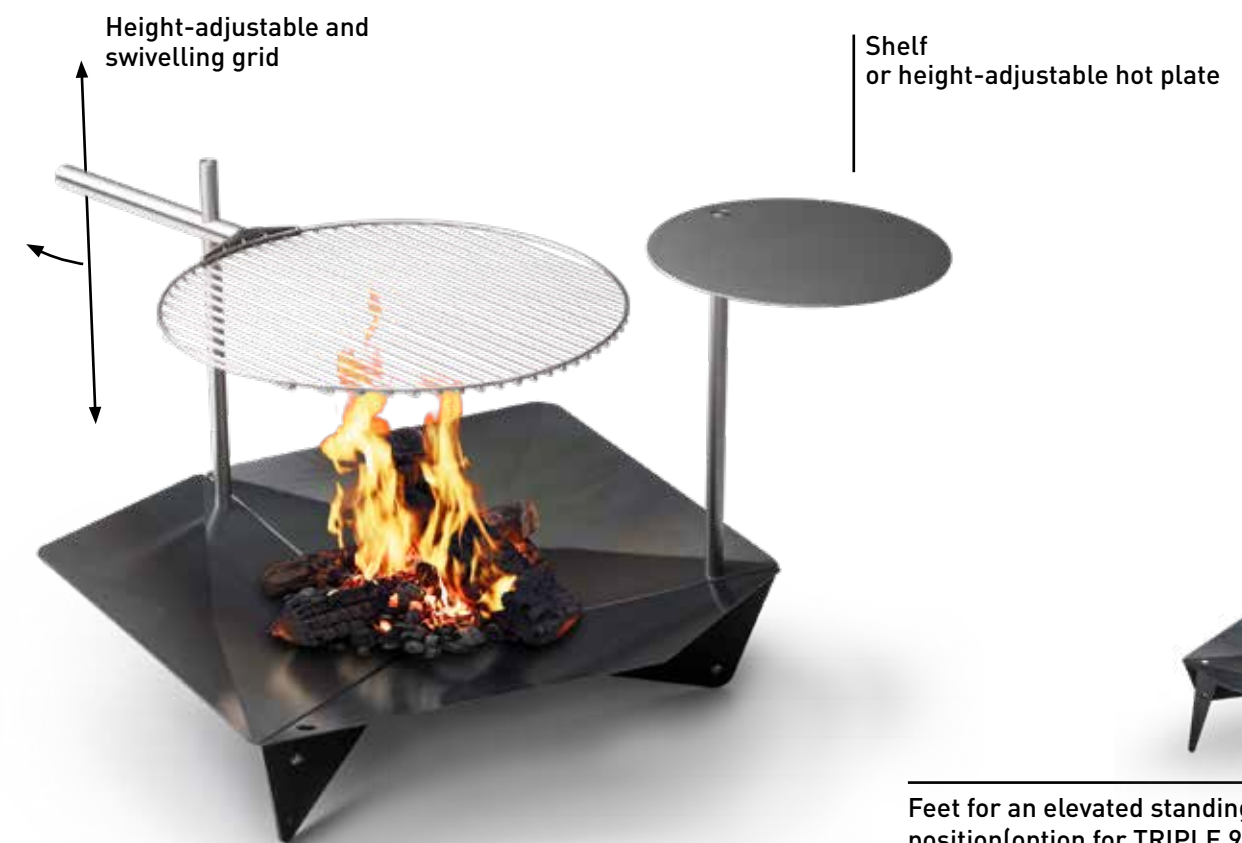

**CONDITION
AS-DELIVERED**

RUST PATINA
develops over time

Can be dismantled,
compact transport size

Feet for an elevated standing
position(option for TRIPLE 90)

TRIPLE – An homage to open fireplaces, interpreted with angular clarity in solid Corten steel. TRIPLE cultivates the archaic heat source through inspired simple functionality. Three identical, faceted segments fit together in a few simple steps to form a solid, large whole.

The fact that they can be dismantled allows for mobility and resource-saving transport. The adaptable grill grid is infinitely height-adjustable and swivels. There is space on the shelf for a pot of tea, mulled wine or grilled food, but it can also be swung inwards to cook a fiery stew.

TRIPLE BBQ SET – The BBQ Set enhances the primal heat source with culinary functionality: The infinitely adjustable and swivelable grill grid allows for precise grilling over the open flame.

TRIPLE MULTI SET – The multi-set offers maximum versatility and transforms the fire pit into a fully equipped outdoor cooking and enjoyment station.

- ☆ • Fire bowl with expandable grill function
- Easy to dismantle, compact transport size
- Optional accessories: infinitely height-adjustable and swivelling grill grid, shelf or height-adjustable hot plate
- Up to three accessory bars can be mounted (TRIPLE 120/90)
- Elevated standing position possible due to add-on feet (TRIPLE 90 only)
- Corten steel, it develops a lively, unique rust patina

Item no. 00992, EAN 4064251009928

TRIPLE GRID – The grid can be infinitely adjusted in height and swivelled. A vertical bar forms the guide, along which the grill grid can be adjusted vertically by 45 cm. It holds at any height by tilting.

TRIPLE TABLE – There is room for a pot of tea, mulled wine or barbecue food on the storage surface, but it can also be swivelled inwards, lowered and a fiery stew cooked.

TRIPLE POLE – If the TRIPLE Table is not to be placed on the same vertical pole of the grid, TRIPLE Pole gives it its own mounting.

TRIPLE 90 FEET – To give TRIPLE 90 a higher standing position, additional feet can be mounted. This is helpful to achieve an ergonomic grill height or to protect the ground from too much heat. When the feet are not needed at the moment, they can simply be swung inwards.

- ☆ • Infinitely height-adjustable due to self-canting with the bar
- Swivelling
- Grid with Ø 6 mm bars
- Polished stainless steel grate, brushed stainless steel handle

BEER BOX

MATERIAL

Corten steel

BEER BOX – The evolution of the beverage crate begins with the materials wood and metal and ends for the time being with plastic for economic reasons. But what if there is a life after its existence as a beverage container, if the crate is upcycled into a fire basket after its initial use? BEER BOX, a fire basket made of solid Corten steel in its simplest form, yet amazingly versatile: The large handles cry out for mobility – so off you go outside! The cardboard interior is also a firelighting material.

Thanks to accessories, the box becomes a barbecue or stool and the ability to stack makes sense for raising the fire basket as well as for storage and transport. The fact that the box is also an ideal advertising medium is in the nature of things and the integrated bottle top opener is simply a joy!

- ☆ **Beverage crate and fire basket with optional extension to barbecue and stool**
- **Integrated bottle opener**
- **Incl. cardboard inlay for bottles 0,33l**
- **Stackable with another BEER BOX or standard beverage crate**
- **Optional accessories: BEER BOX Grid, BEER BOX Board**
- **Corten steel, it develops a lively, unique rust patina**

CRATE

MATERIAL

Corten steel

CRATE – CRATE follows in the footsteps of the legendary BEER BOX. While the beer crate was the source of inspiration for BEER BOX, CRATE is reminiscent of wine and fruit crates. The usual material of wood is replaced by high-quality Corten steel. The result is a multifunctional product that can be many things: Wood storage, wine, beer or fruit crate, but also fire basket, stool and barbecue.

A spontaneous trip to the lake? CRATE is the perfect companion! In addition to drinks, the robust box can also be used to transport firewood for an atmospheric campfire or a small barbecue – and the grill grid comes along!

- ☆ **Fire basket with optional extension to grill and stool**
- **Can also be used as a beverage crate, wine crate, beer crate, wood storage, fruit crate, etc.**
- **Stackable with another CRATE**
- **Durable stainless steel riveting**
- **Optional accessories: CRATE Grid, CRATE Board**
- **Corten steel, it develops a lively, unique rust patina**

📦 **CRATE Fire Basket**
40 × 30 × 27 cm, 6.6 kg | gross 42 × 32 × 30 cm, 8.8 kg
Item No. 120101, EAN 4260447330863

CRATE BOARD – The board allows CRATE to be transformed into a comfortable seat, side table or flower stool in one easy step.

- ☆ **Turns the fire basket into a stool or side table**
- **Can be used as a serving board, solid bamboo wood, 15 mm thick, UV-resistant lacquered**

📦 **CRATE Board**
39 × 29 × 1.5 cm, 1 kg | gross 39 × 29 × 1.5 cm, 1 kg
Item No. 120201, EAN 4260447330870

CRATE GRID – Simply place the grill grid made of chrome-plated steel on the fire basket and there is plenty of room for all kinds of tasty treats.

- ☆ **Grill grid with Ø 5 mm bars**
- **Chrome-plated steel**

📦 **CRATE Grid**

CONE

CONE

MATERIAL

100% stainless steel, powder-coated

Comfortable working height 85 cm

100% stainless steel

With the lid closed or half-closed, even larger grilled food can be cooked slowly and energy-efficiently. Just like in an oven, the heat reaches the food from all sides.

Stepless & instant heat regulation

The distance between the charcoal and the food to be grilled is minimal, the air supply is open to the maximum
= maximum possible heat

The distance between the charcoal and the food is average, the air supply is open
= medium heat

The distance between the charcoal and the food to be grilled is maximum, the air supply is closed
= least heat

Fire basket function

CONE – Is the first charcoal grill with effective heat regulation. It transfers the comfort of a gas barbecue to a charcoal grill and enables intuitive heat regulation by controlling the distance between the heat source and the food to be grilled via the air supply.

If high heat is required, for example for a hot barbecue, the charcoal grate and thus the heat source is raised. To reduce the heat, the grate is lowered and the air supply is automatically reduced. Since the charcoal grate can be raised to the edge of the funnel, CONE can be converted into a fireplace after grilling.

CONE BOARD – To keep the cool drink always to hand and to place the grilled food directly next to the grid until it is put on. The board is docked onto the barbecue in one easy step and removed just as quickly. Bamboo is one of the most durable woods thanks to its exceptionally high surface hardness and also contains a natural antibacterial agent, making it the perfect material for a cutting board.

CONE CAST IRON GRID – More than just a cast iron grid. The drip tray, specially developed for the extremely solid grid, makes charcoal grilling healthier than ever before - it ensures that no fat or marinade can drip into the embers, but the food still takes on the woody smoky note of the charcoal.

The cast iron grid comes in two parts, each with a drip tray, and can be folded - as expected from CONE.

CONE COVER – Fits like a tailored suit. The water-repellent material in combination with a high-tech outdoor zip protects CONE like a second skin against dirt and moisture, even when it is put into hibernation in autumn. The integrated carrying handles make CONE comfortable to transport.

- ☆ Charcoal grill with infinitely variable heat regulation
- Can also be used as a fire basket
- Solid grid: Ø 46 cm, Ø 5 mm bars, polished stainless steel
- Incl. warming grid (Ø 50 cm segment)
- Incl. lid thermometer and 2 hooks for hanging barbecue tools
- Completely made of stainless steel
- Optional accessories: CONE Board, CONE Cast Iron Grid

CANDLE HOLDER

DIGI DETOX

COLOURS | MATERIALS

MATERIAL stainless steel

SILVER
brushed

DIGI DETOX – The innovative candle holder that helps you enjoy real moments without digital distractions. Naturally tilted, it straightens up the moment a smartphone is placed underneath – a real eye-catcher that instantly sparks conversation. What follows: genuine connection in the soft glow of candlelight. There’s laughter, conversation, and attentive listening – no screens in sight.

DIGI DETOX is a catalyst for meaningful moments, encouraging more eye contact and less screen time. Whether as a gift or a gentle invitation to friends, partners, or guests – it playfully reminds us of what truly matters.

- ☆ **Candle holder for shared moments without digital distractions**
- **Suitable for standard taper and conical candles with a diameter of 20–24 mm**
- **Straightens up when a smartphone is placed underneath**
- **Holds one or two smartphones – even with a case**
- **Stands securely – the candle won’t tip over, even with vibrations**
- **Non-slip silicone base protects delicate surfaces**
- **Removable wax catcher collects dripping wax and is easy to clean**
- **Made of stainless steel**

the weather)

GRAVITY CANDLE – No matter how you turn GRAVITY CANDLE, with this lantern the candle will always remain perpendicular due to gravity. GRAVITY CANDLE inspires with a gimbal-mounted tea light, making wax splashes from blowing out the candle a thing of the past. Simply turn the GRAVITY CANDLE upside down, and the glass cylinder will slip over the tea light, smothering the flame cleanly and without smoke. In this inverted position, the tea light is also protected from the weather and leaves when not in use.

This gimbal is also extremely useful when lighting. Tilted to the side, the candle can be lit comfortably without the risk of burning. Whether standing on the table, hanging or mounted on a pole: Thanks to the range of accessories, GRAVITY CANDLE offers even more functionalities and enchants favourite places indoors and outdoors with atmospheric candlelight.

- ☆ • Lantern with gimballed candle
- Candle always remains perpendicular due to gravity
- Convenient lighting
- Safe and clean extinguishing of the flame
- Protects against leaves, water and dust when turned upside down
- Secure hold for gastro tea lights
- Optional accessories: hanging system, pole, base
- Lower part: die-cast zinc

CANDLE SHELF P. 78

TOOLS

BARBECUE TONGS

Thanks to their asymmetrical shape, they lie ergonomically and securely in the hand. The slightly slanted flanks also allow delicate goods to be gripped gently. Cut-outs at the ends provide grip and visibility - they give the tongs transparency in the area of action, making them the perfect tool for small prawns as well as T-bone steaks. The clue: With these tongs, the grid can be lifted and positioned over the embers.

SCRAPER

When grilling on the plancha, the scraper is essential. Inspired by the Japanese art of Teppanyaki grilling, there is no food that the scraper cannot assist with. Turning, cutting and stirring are among its specialties and it is even at your service when cleaning the plancha. During barbecue breaks, the scraper can be hung securely on a hook on the fire bowl, on the barbecue or in the kitchen and is always ready for its next use.

SPATULA

It unfolds its full potential when used on the grid. It turns larger as well as fragile grilled food to allow all sides to feel the heat of the fire. Thanks to its flexible handling and ergonomic design, the spatula is also helpful when cutting up and mixing grilled food right on the plancha. During barbecue breaks, it can be hung securely on a hook on the fire bowl, on the barbecue or in the kitchen, so it is always ready for its next culinary mission.

FIRE TOOL SET

With the complete set consisting of fire tongs, blow poker and wooden base, the fire is under control. The blow poker does justice to its task of stoking the fire in two senses, because the fire can also be lit at a safe distance from the flames via the inconspicuous, integrated flame blower tube. With the robust fire tongs made of solid stainless steel, even heavy and burning logs can be lifted effortlessly and larger barbecued food turned thanks to strong serrations. Both together snap harmoniously into the weighted wooden base which makes the set easy to lift on the fire tongs and mobile for use on the fire bowl, stove and fireplace.

BLOW POKER ON STAINLESS STEEL BASE

The blow poker does justice to its task of stoking the fire in two senses, as it makes it possible to additionally start the fire at a safe distance from the flames via the inconspicuous, integrated flame blower tube. This very tube also makes it possible to place the poker upright on the stainless steel base and store it safely - for lasting enjoyment of the fire.

BLOW POKER

The poker does justice to its task of stoking the fire in two senses, as it makes it possible to additionally start the fire at a safe distance from the flames via the inconspicuous, integrated flame blower tube

FIRE TONGS

Even burning logs stay firmly in your hand with the robust fire tongs made of solid stainless steel. The strong serrations allow a secure grip to lift firewood or to turn larger grilled food. For storage, the fire tongs can effortlessly snap into the weighted wooden base (accessory) and be used in a mobile way on the fire bowl, stove or fireplace.

TOOLS

DESIGN PLUS
Winner 2016

Focus Open 2016
Baden-Württemberg
International Design Award

STEAK TOOLS

This is a tool that does justice to a perfect piece of meat. The sharp blade does not tear the meat fibres, but cuts them precisely, which keeps the meat juicy and aromatic. Solid, forged from one piece, the brushed, satin-matt stainless steel lies firmly and perfectly balanced in the hand. Stainless, dishwasher-safe and form-stable, the höfats steak tools are indestructible and guarantee years of enjoyment of good meat. High quality packaged in a wooden box, they are the perfect gift for any meat lover and anyone who appreciates good food. By the way, the höfats Steak Tools also perform with Pizza.

APRON

The sophisticated höfats apron turn you and your barbecue and cooking skills into a winning team. Its robust and easy-care material is tailor-made for you, because thanks to the continuous cord that runs from the neck over the sides to the hips, the apron can be adjusted to the body size with just one movement. This makes it fit perfectly right away and offers maximum wearing comfort. The simple integrated pocket and the towel strap are delightful. It comes already equipped with a high-quality linen towel.

FIRE GLOVES LEATHER

The robust höfats barbecue gloves made of pure, heavy suede and Kevlar are hand-sewn and made to last. They are extremely non-slip and heat-resistant and make barbecuing a safe pleasure, not least thanks to the extremely pleasant inner lining.

FIRE GLOVES ARAMID

As snug as a second skin and heat-resistant up to 500°C. Breathable aramid fibre is the special material of these fire gloves, which allow you to safely handle extremely hot objects. The silicone nubs on the entire palm ensure that you can grip even delicate objects reliably.

FORM#

FLAME-GRILLED SALMON BOARD

The Finnish classic offers space for any fish and adds its unique flavour above the aromatic flames of the fire. The fish fillet is securely fixed under the stainless steel support on the solid beech wood board and can be attached to any höfats fire bowl or basket. To ensure that the fish is cooked evenly and gently, the flame-grilled salmon board fits into the mount from both sides and the different angles of inclination between the board and the flames guarantee optimum temperature handling.

JOHNNY CATCH

The probably best wall bottle opener in the world catches bottle caps magnetically or in a catch cup! 100 % stainless steel. Johnny Catch does not need screws or dowels, it is mounted on the wall with a high-quality double-sided adhesive tape from 3M. The adhesive tape adheres to all surfaces, even very uneven ones.

Johnny Catch is a must: for the style-conscious beer drinker, le-monade lover, craft beer crack, in the pub around the corner, clubhouse, band room, club, music sports hall, construction trailer, bling bling club, in your favourite bar, kebab stand, gazebo, Stylo kitchen, chaos flat-share, party shed, ski hut, beach bar, workshop, on the roof terrace, next to your barbecue, fridge... Cheers!

- ☆

BIOETHANOL GEL FUEL

Odourless, smokeless and organic: The original höfats SPIN bioethanol gel fuel made from thickened alcohol is produced from renewable raw materials and enables the perfect SPIN flame experience for all SPIN 90 | 120 tabletop fires with gel fuel container.

COMPATIBEL WITH
MOON 45 | 55

PREMIUM WOOD PELLETS

The original höfats Premium Wood Pellets made from pure spruce sawdust provide long-lasting, efficient heat and a perfect fire experience. Produced from renewable raw materials from the Allgäu region, the pellets guarantee clean combustion without smoke, soot or unpleasant odours. Ideal for environmentally conscious use – with short transport routes and free from chemical additives, allowing you to enjoy your fire to the fullest.

PREMIUM FIREWOOD

Low-smoke and premium quality: höfats Premium Firewood comes exclusively from sustainably managed forests in Germany and is carefully processed. With a residual moisture content of no more than 20%, the wood ignites particularly easily and burns cleanly with pleasantly low smoke. The mix of smaller and larger logs ensures the ideal balance – quick flame development and long-lasting embers.

- Safe, natural, sustainable, odourless and smokeless fuel
- 1 l bioethanol liquid fuel per bottle
- Use only for SPIN air, SPIN X, SPIN 900 | 1200 | 1500 and all retrofitted Bio Burners 900 | 1200 | 1500, as well as CIRCLE Tabletop Grill
- Safety gel fuel according to Regulation (EC) No 1907/2006 (REACH)

OUR PRODUCTS WITH YOUR LOGO

Our products create a spark. They are gifts that people talk about, remember and want. They impress with their purist design, uncompromising workmanship and fascinating functionality. With the addition of laser engraving or laser cutting, your personalisation becomes permanent – the ideal gift for your valued employees or customers.

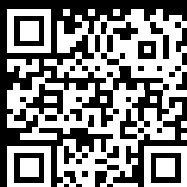

<https://hofats.com/en/Shop/Product-Customisation/>

"FUNCTIONAL DESIGN MEETS ATTENTION TO DETAIL"

The Wirtschafts Woche headlined an article about hofats

DIGITAL PRODUCT CATALOGUE

Stay up to date at all times.

With fire and passion, we create fascinating products from uncompromising material – that is höfats – a fire story – our way of thinking and developing products, creating an unmistakable identity through puristic form and inspiring function. Always with perfection down to the last detail, so that a great idea becomes an authentic höfats product. A product for uniquely beautiful moments – experience your very own fire story.
